Hey you!
Horde of smitten fangurls
Notice us Senpai!
Most popular guy in school
More desirable than chocolate
Instant ovaries explosion at a glimpse of his face
HIS NAME-'S fan club
Rich-handsome-smart-charismatic-aloof-you name it-he got it
Minus STDs of course

Every shojo/romantic manga/movies/webtoon ever...

Ok, not ALL obviously. But most do employ a similar ruse.
Why? Was there a *'The only way to draw a love story'* memo that I somehow missed?

SNAILORDS

Aloof: not friendly or forthcoming; cool and distant.
Smitten: be strongly attracted to someone or something.
Allegation: claim
Deplorable: deserving strong condemnation, shockingly bad in quality.
Fidelity: Faithfulness

These words are fairly common but I'mma define them anyways, due to the amount of international Anglers/readers on Webtoon.

Attractiveness meter suddenly increases 10x

Shojos be like

Cool FanArt of the Week
